INTRODUCING CRAIG TECH SOLUTIONS

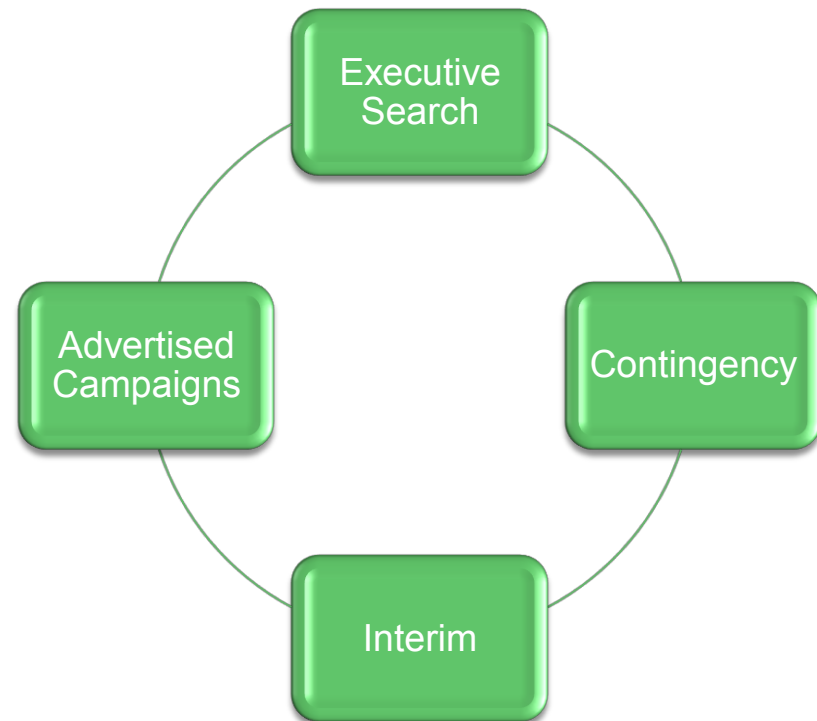

- Craig Tech Solutions is set up exclusively to service the Highways Infrastructure and Utilities sectors. We specialise in hard to fill vacancies, at all levels within your organisation.
- Successful recruitment often comes from a successful network, and it is through our extensive candidate network that Craig Tech Solutions was founded. Our network reaches into almost every highway and utility firm in the UK, allowing us to tap into an exclusive workforce on behalf of our clients.
- We put our clients at the heart of everything we do. Our goal is to create trusting, long term relationships, ensuring that we deliver on our commitments to your business.
- We understand that the recruitment process can be drawn out and costly. It is our aim to make the process as simple and cost effective as possible.

WHAT OUR CLIENTS SAY

Connect Plus

Craig Tech Solutions has been successful in finding me a number of senior positions within the Highways Industry, and has worked with me in filling a number of positions for various companies I have worked for. I am always happy to work with Craig Tech, I have no hesitation in recommending their services.

Dave Higgs
On Roads Manager
Connect Plus (M25)

I have worked with John Craig over the past three years and found him to be very professional in his dealings with both Clients and potential candidates for vacant posts. His understanding of the industry is exceptional. His dedication in researching candidates' abilities prior to them being forwarded to Clients eliminates waste of precious time.

I would highly recommend John for supplying suitable candidates for critical vacancies within the construction industry.

Project Director
DIWI Consult

WHAT OUR CLIENTS SAY

John takes a lot of time and effort to fully understand not only your recruitment needs and plans but also the culture and values of your organisation , ensuring the best possible fit both technically and culturally to the business. He keeps abreast of industry developments, delivers on his promises and is an excellent all round communicator.

Graham Northrop
Regional Director
Prismo

Craig Tech Solutions has been first class in providing us with well researched background on potential staff and from that initial work a stream of good candidates to fill critical posts within our business.

Tom West,
Regional Director North,
Ringway Infrastructure Services.

WHAT OUR CLIENTS SAY

In my capacity as Business Manager of Civils South in Colas Limited, I have worked extensively with John Craig.

I have received sound information and assistance when seeking to recruit staff, based on John's understanding of the industry and the key aspects of operational management. Candidates have always been worthy of consideration and several have been employed.

Following a difficult search for a suitable candidate for a senior management position, we entered into a focused search arrangement with John, which included enhanced long term advertisement and assessment of potential candidates in current employment of comparable status. This quickly bore fruit with several candidates of high standard being put forward. One of these was engaged and is performing admirably in the team.

I would recommend John to anyone wishing to avoid a meaningless trawl of candidates who blatantly do not have the skills and experience required. They will work with you very simply to identify the right type of candidate and only these will be forwarded.
